Doctor's Office Flooring Replacement – *"As a Las Vegas Chiropractor for over 10-years, it was time to finally replace my flooring. I decided to get a number of bids, and although your company was not the cheapest, I had the most confidence in you because I know others you've worked with... and in this city, a referral is everything. The floor looks great, and we didn't have any snags. Your workers were great, made excellent layout suggestions and the office was put together and ready to go by Monday morning.*

Thanks again, I would certainly do business with you in the future." – Dr. Devin Luzod, Las Vegas Chiropractor

Office Remodel – *"I wanted to let you know that your response time to our request was really great. Also the work that your team performed was also very good. In this day and age there are some companies that do not take pride in what they do; I can honestly say that is not the case with Awesome Floors. Not only were your prices good but you completed the work on time as you promised."* –Catherine J. Ritto, Logistics Manager, Young Electric Sign Company (YESCO), Las Vegas Division
